

NOARLUNGA DOWNS PRIMARY SCHOOL

USE OF MOBILE PHONES AND PERSONAL DEVICES

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as camps and excursions.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling.
- so that parents can contact them outside of school hours.

During the school day, students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students must hand their device in to the office at the beginning of each day and collect it at the end. All devices will be stored in a locked space within the office area. Devices will only be given back to the owner or parent/guardian.

If the student does not comply

If a student does not comply with this policy, they will be reminded they are to hand their device in to the office upon arrival at school. Any further occurrences will result in the device being confiscated, parent contact made and an agreed plan of action determined prior to the student bringing their device to school again.
